

January 16th-February 27th

SCIENCE GUYS @

K-2 on Thursdays from 3-4pm

Lockeland Elementary Winter Science Club!

Engineering Earth Theme

Gear up for an exciting session of innovation and creativity at our Engineering-themed Science Club! Young aspiring engineers and problem solvers are invited to join us for a hands-on journey into the world of technology and design. Students will tackle real-world challenges, build impressive structures, and unleash their imaginations through engineering projects. From constructing bridges and building cities to programming robots, our experienced leaders will nurture a passion for innovation and teamwork. Join us for a Winter of engineering marvels, friendship, and fun as we inspire the next generation of inventors and builders!
