ROBOTHINK
Build, Code and Play with Robots

Afterschool Theatre Club

Because play is serious work.

Meeting young people where they are, right now.

Little Blue's after school programming is all about imagination, play, and making theatre. We invite students to create stories, build characters, and explore big ideas in a space that is welcoming, inclusive, and full of joy.

Each semester students decide what they want to make: an original play, a shadow puppet piece, a murder mystery, an improv show - the only limit is their imaginations.

SCHOOL	GRADES	WHEN	COST
Lockeland Design Center	**K–2**	**Mondays, 3:15–4:15 pm** *Jan 11 – Feb 22* *(no club Jan 18 or Feb 15)*	**$115**

GRADES K-2

Students will explore stories, characters, and movement through games and guided creative explorations, building confidence and creativity in a space that's warm, inclusive, and built just for them.

Led by professional teaching artists with extensive experience and training in theatre education, trauma-informed practice, neuroinclusivity, and youth development.

GRADES K-2

Registration opens December 6th at 6 pm. Scan the code to sign up.

If the cost is a problem, tell us.
Assistance is available should you need it. Please reach out to Colin@littlebluetheatre.org for application information.

LDC

CLUB

Led by yoga teacher and yoga therapist, Sarah Jane Chapman. In these classes, we will practice movement and mindfulness through games and exercises. You children will grow in their confidence and trust in their bodies.

It's Alive! Biology Science Clubs

Discover the wonders of life at our Biology-themed Science Club! Young naturalists and budding scientists are invited to explore biology from the smallest cell to the largest ecosystems on Earth. We will conduct hands-on experiments to uncover the secrets of life. From examining microorganisms to understanding animal behavior, our inspiring instructors will ignite a passion for the natural world. Join us for a session of biodiversity, exploration, and ecological adventures as we journey through the web of life and learn about the incredible diversity of species that inhabit our planet!

Registration opens at 6pm on Sunday, December 6th!
